

Dear Sir,

On behalf of our UniKids PlayHome, we would like to thank you for your wonderful 'Parenting Workshop' which you had conducted on 16th February 2013 at our Palavakkam premises.

All the participants of the workshop felt all immense change in their perspective of parenting after the conclusion of the workshop. What Chamu and I had been emphasizing to them throughout the entire academic year - as to how parenting and discipline should be - you had achieved within a span of 4 hours in your workshop.

This is a tremendous achievement and we would like to personally appreciate you for the effort and thought that has been put in for formulating the workshop.

The lecture reached emotional heights and the participants willingly cooperated with you. Even though the participants who attended the workshop had a varied background and did not know each other, you brought them all together as a group and engaged them in healthy conversations. The group discussion that ensued broke all barriers and the parents felt at ease.

It is a big breakthrough for us to bring them together and make them understand the concept of parenting. What was initially a chore for them has been converted into an interesting challenge. We accomplished our dreams through your workshop and we sincerely thank you sir, for this effort.

There is a strong need for a followup workshop soon - maybe during the month of April. We need to schedule one based on your availability. Please let us know.

We will be always be grateful to you. Thanks for your continued support.

Love,

Samundeeswari
